

# THE WEEK AHEAD

## 2019 Term 3 - Week 8

### CREATIVE TALENT SHINES IN WOOL4SCHOOL COMPETITION

Year 11 student Simran Prasad, is proving herself to be quite the budding fashion designer after placing in the top 3 in Queensland and top 6 in Australia in the national Wool4School Design Competition for her age division. Wool4School is an annual student design competition that encourages up and coming fashion designers to show the nation what they're made of.

Entrants are to use their creative and innovative talent to design an outfit containing 1 to 4 pieces using at least 80% wool. This competition allows the students to learn the fundamentals of fashion design and explore the benefits and versatility of wool and the fabric it creates. By putting wool into the minds of Australia's future fashion designers, Wool4School encourages students' innovative thinking and creative design, in keeping with The Woolmark Company's tradition of fostering the education of the future generation. Congratulations Simran!

### CELEBRATING STUDENT CREATIVE WRITING TALENTS

As another successful year of the Creative Writing Excellence Program, draws to a close, we will be celebrating student success at our celebration afternoon for parents and students on Tuesday 10 September at 3.30pm at the O block undercover area. Students will have the opportunity to showcase their work in an anthology of the stories they have produced throughout the course.

As in previous years, we have offered a senior school program in term 1 of this year and a junior school program in term 3 (during which our own students have been accompanied by year 6 primary students). The two courses, which run for 8 weeks each, are facilitated by Dr Maria Arena from the University of the Sunshine Coast and aim to promote and encourage motivated and able writers by stimulating and challenging their writing skills. Both courses have been well attended this year and our students have no doubt benefited from expert tuition.

### USC HEADSTART INFORMATION EVENING

USC Fraser Coast is holding an information evening on Thursday 19th September from 4.30pm to 6pm at the USC Fraser Coast Campus.

If you're going into Year 11 or 12 next year, now is your chance to learn how you can start uni while still in high school through USC's Headstart program. Headstart allows Year 11 and 12 students to study university subjects on campus, giving you the chance to gain a taste of university life. Through Headstart, you can explore various careers to prepare you for future study and gain credit towards a USC degree! The 'Getting into uni' session will cover how to apply for and succeed at university, along with how to choose the right program to study, how to make your QTAC application work best for you and tips to making the most of university life. For all registration details, please follow the attached link.
