

2024 Aldridge State High School Mobile Phone Policy

Rationale

The use of mobile phones and other student-owned personal technology devices i.e., iPods, iPads and the like, are not permitted while on school grounds, or attending off-campus school events. Smart watches will need to be switched to flight mode while students are in school. Mobile phones and personal technology devices are not necessary for learning and provide a distraction for students and teachers, and are proven to prevent learning in many situations. Aldridge SHS is a BYOD school; laptops are the identified technology device for use.

Expectations

Mobile phones must be switched off and never visible at any time, on school grounds, or whilst attending school events, including before and after school, during class times and at breaks. Individual medical circumstances are considered and Restricted Exemptions may be given, at the principal's discretion.

- If a device (including ear buds, headphones) is sighted or heard, the student will be required to hand the phone in to Student Services where it will be stored securely until 2.55pm. The student will also receive a recess detention as a consequence for breaching this policy.
- For a second offence, a student's family will be required to collect the device from the Office, at a mutually convenient time, five Recess detentions will be applied and the student may be placed on a behaviour management green sheet.
- A third offence will be escalated to either the Deputy Principal or Principal and may result in a suspension or Individual Behaviour Management Plan.
- Each Mobile phone behaviour incident will be recorded on One School.
- At any stage, a refusal to submit a phone to the Student Services may result in a suspension or Individual Behaviour Management Plan.

Parents/Guardians wishing to urgently contact their students, or vice versa, are required to do so through the school office on 41208444.

Students who choose to bring mobile phones or personal technology devices to school, do so at their own risk and are responsible for ensuring their safety and security and that they are not visible or audible. The school and school staff will not accept any responsibility for any loss or damage to technology devices nor will they investigate loss or damage.

Our School's Code of Conduct outlines the consequences of irresponsible use of devices including the filming, photographing and distributing of content obtained without consent.
